

## Connect to umd-guest Wi-Fi

1. Ensure that your Wi-Fi adapter is **activated**

### Windows and macOS

PC: Click on the network connection icon in the taskbar

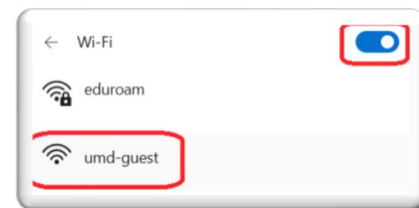

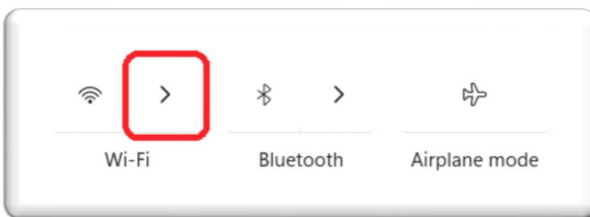

Mac: Click the Wi-Fi icon  in the menu bar

### Mobile devices

Scan the QR code, or access your device settings

2. **Guests:** Establish a connection with "umd-guest" Wi-Fi  
**UMD employees and students:** Connect to "eduroam" and use your UMD credentials to connect

3. The UMD Guest Registration portal will automatically launch in your browser.  
If you already have an account, click the "**Already have an account**" option and log in.  
Otherwise, complete the **registration form** (Name, E-mail, Phone number, Carrier info & accepting terms of use are required)
4. Your Visitor Access details will be sent to you via both **text message and email**. Utilize this information to log in to the network, which will grant you a **24 hours of internet access**. Check out the sample screenshots below showcasing the registration portal, login page, and the login progress.
